ABSOLUTE RELIABILITY

QUALITY, SERVICE, ON-TIME DELIVERY

The Box Channels and Hat Sections in this catalog can be rolled from open tooling with no tool charge. Hynes Industries offers custom cut lengths which can save you time and money. Hynes can eliminate your secondary processing by providing parts complete to your final part drawing to include features such as holes, notches, embosses and painting. We'll ship assembly ready parts direct to you.

Hynes Industries provides best-in-class order response and on-time delivery performance. Our on-site steel service center stocks over 35,000,000 pounds of prime material and provides slit coil to support your delivery requirements. We purchase mill direct, which saves you money!

Contact Hynes Industries with your Roll Formed shape requirements.
