Designed to Provide Unmatched Performance:: Durable:: Reliable:: Efficient:: Plug & Play:: Easy to Use::
 Fully Test Fired & Tuned Prior to Shipment:: Backed by S&B Engineering & Field Service Departments

Valve Train

Duct Air Heaters

**Steel Mill
 Preheater**

S&B Equipment Overview

- Air Heaters
 - Process Duct
 - Selective Catalytic Reduction Heater
 - Indirect Fired
 - Gun Style
- Environmental Systems
 - Thermal Oxidizers
 - Catalytic Oxidizers
- Aluminum and Steel Mill Equipment
- Specialty Ovens and Furnaces
- Integrated Packaged Systems
- Controls and Valve Trains

Integrated Packaged System

In-House Test Fire

Gun Style Air Heaters

Thermal Oxidizer
